

## + summary

Driven student leveraging real life work as a Probation Officer and Non-profit worker seeks real-world experience as a software developer. I offer strong interpersonal and goal-oriented skills.

## + employment

**Virginia Department of Corrections** Danville, VA  
Probation & Parole Officer Nov. 2017 to Current

- Built relationships with defendants and probationers, assessing living conditions and case background information.
- Wrote progress reports and testified under oath at court hearings.
- Monitored defendants' compliance and progress in treatment by reviewing reports from counseling agencies.

**Freelance** Danville, VA  
Web Developer Jan. 2020 to Current

Your Tech Ninja's is a venture into freelance web development and small scale networking projects.

**TelVista**  
Customer Service Representative Jan. 2017 to Nov. 2017

**OneHope** Pompano Beach, FL  
Admin & Projects Coordinator Spring 2013 to Winter 2014, Spring 2013 to Winter 2014

- Our team initiated the final phase of a successful research project in Togo, Africa. I provided budgetary oversight and research direction for several months and in the end the research was a success.
- Assisted in the coordination of a summer camp for Chinese students and facilitating the start-up of a charter school, and international program for high school students.
- Developed and launched a county-wide data analysis project which addressed county needs and helped to establish avenues of collaboration between churches and non-profits.

## + activities

**Southside Woodturners Guild · Southside Woodturners Guild** Summer 2019 to Current  
Member of the Southside Woodturners Guild in Southern Virginia

## + volunteering

**River City Codes · Director** Summer 2021 to Current  
Danville, VA

RCC is a local bootcamp-lite that is focused on providing an exposure of programming to formerly incarcerated individuals and those from low socio-economic backgrounds. As a probation officer I've seen that many career opportunities are limited for individuals with a felony background and I hope to expand the horizon's for many in our local area.

The project is currently in it's discovery phase to determine eligibility.
